NOVA Wood

Solid ash wood legs
make every desk
unique

NOVA Wood

Tree's texture and wide growth rings create a distinctive pattern.

Stained and lacquered wood reveals the pattern even more.

Natural wood tends to change colour over time.

Note: wood is sensitive to sunlight and temperature changes.

NOVA Wood

Adjustable legs height

All tables have plastic adjustable gliders you won't even notice. It enables you to adjust the height in the range of 10 mm. Useful especially on uneven surfaces.

NOVA Wood

and textures for subtle
combinations

PerfectSense Matt laminate

High-quality finish stands out with its unusual look and surface feel.

Advantages:

- super-matt surface;
- resistant and dense;
- anti-fingerprint property;
- minimal cleaning effort.

NOVA Wood

Ensuring mobility

- The durable design and castors give the table added mobility and enable you to easily move it to where you need it.
- The well-thought-out cable tray design will allow for easy and safe management of electrical power supply elements.

A stylish workplace for quick tasks

- Suitable for easy-to-access, dynamic office areas.
- Promotes cooperation between different teams.

A modern dining area featuring a long white table with a wooden frame. The table is surrounded by grey and yellow chairs with white metal legs. Above the table, a wooden frame supports several white planters with green plants and four hanging pendant lights with clear glass shades. The background is a light-colored stone wall. The text "Point of attraction fostering corporate culture" is overlaid in the center.
