

## SPECIFICATION

Range: **CORNER**  
Design: **Marc Sadler**

“Snowsound Technology” sound-absorbing desk element.

### Panel description:

Both faces with convex section 36 mm thick, consisting of an internal padding in variable density polyester fiber. The density decreases moving towards the heart of the panel, which is covered on both sides with Trevira CS® polyester fabric, solidly applied to the padding. The panel is double sided, with same characteristics on both sides. It is characterized by the rigid edge obtained by the manufacturing process itself, without any supporting and/or stiffening frame.

The panel has **Euroclass B-s2, d0** fire reaction.

The panel is **Greenguard Gold** certified, which validates its low VOC emission and its contribution to the quality of the indoor environment.

The panel is **100% recyclable** and has no detectable formaldehyde content according to UNI EN 717-2. It does not contain felts or other organic materials that are hardly recyclable.

The panel has been tested in reverberation chamber according to UNI EN ISO 354 and obtained “**Acoustic Absorption Class A**”, in accordance with UNI EN ISO 11654.

Panel dimensions:	75x44 cm	59x59 cm
	119x44 cm	75x59 cm
	139x44 cm	119x59 cm
	159x44 cm	139x59 cm
	179x44 cm	159x59 cm
		179x59 cm

### Supports description:

Pair of “L” shaped angular supports made of epoxy powder-coated printed zama, featuring a slot that holds the panel (fixed with 4 self-tapping screws). The supports can be applied directly to the desktop using screws or secured with epoxy powder-coated steel clamps (specially shaped). Each clamp is equipped with 2 thumb screws in galvanized steel and 2 discs (aluminium plus elastomer) to protect the desktop while tightening the screws.

Available colors:

\* ATTENTION: dimensions 139x59 cm and 179x59 cm available only for colors White (0001) - Light Blue (6046) - Silver Grey (8004) - Dark Grey (8007)
