Snooze
Sound wellness

DESIGN
Marcello Ziliani, 2016

EN — Snooze is a sound absorbing panel conceived to enhance comfort and improve the acoustic quality in office or public space. With a shape recalling the sound diffusers, it is composed by a core of thermoformed polyester fiber in variable densities and thicknesses with a central metal element that beside being a graphic sign allows an easy assembly and disassembly. It is possible the set-up of panels on the walls and on ceilings in groups or linear compositions.

IT — Snooze è un pannello fonoassorbente creato per rendere più accogliente e migliorare la qualità acustica di uffici e spazi pubblici. Con una forma che ricorda i diffusori acustici, è costituito da un'anima in fibra di poliestere termoformato di densità e spessore variabili con al centro un elemento metallico che, oltre ad essere un segno grafico, ne permette una facile installazione e disassemblaggio. Si può disporre su pareti e su soffitti con composizioni lineari o a gruppi.

Toa Folding Screen
A table divider

DESIGN
Robin Rizzini, 2020

EN — The Toa Folding Screen is a sound absorbing desktop panel that separates and defines spaces. Designed to meet the mobility and layout requirements of modern work spaces. The inner metal structure is upholstered in fabric with a zip that makes it easy to remove, clean and maintain. It's also the perfect solution for home working spacial arrangements. Given that it is extremely lightweight, the screen can be folded with ease and moved from one place to another.

IT — Toa Folding Screen è un pannello divisorio fonoassorbente da tavolo in grado di definire e separare lo spazio. È pensato per rispondere alle esigenze di mobilità e configurabilità dei moderni working spaces. Una struttura di metallo rivestita in tessuto che, grazie alla presenza di una zip posta nella parte inferiore dello screen, è sfoderabile, facile da pulire e manutenere. In caso di smart working risulta inoltre uno strumento ottimale per ritagliarsi uno spazio all'interno del proprio contesto domestico. È pieghevole e leggero e può essere facilmente spostato da un luogo all'altro.

Ypsilon Connect
Multifunctional panel

DESIGN
Jorge Pensi Design Studio, 2020

EN — **Ypsilon Connect is an elegant and functional self-supporting, sound absorbing partition panel characterised by sound absorbing panels that are shaped around a structure formed by two die-cast aluminium bases and extruded aluminium columns. One of the greatest strengths of this product lies in its extensive customisation possibilities thanks to which users can create ever new layouts, manage their spaces more effectively and create welcoming office spaces or functional training and meeting rooms.**

IT — Ypsilon Connect è un elegante e funzionale pannello divisorio fonoassorbente autoportante che si caratterizza per la presenza di pannelli fonoassorbenti sostenuti da una struttura formata da due basi in pressofusione di alluminio e colonne in estruso di alluminio. Punto di forza di questo prodotto è il massimo grado di personalizzazione che offre, definendo abilmente nuovi layout, gestendo gli spazi e riadattando gli uffici a situazioni di formazione aziendale o meeting room.

di decorare una parete"

Flag
Hang up your ideas

DESIGN
Pio e Tito Toso, 2014

EN — Flag is a collection of coat stands and wall coat hangers that are the result of the synthesis between form and function. The base and column are made of powder-coated steel, while the hooks are made of polypropylene charged with fiberglass. Flag can adapt to various contexts: public spaces, offices as well as domestic environments.

IT — Flag è una collezione di appendiabiti frutto della sintesi di forma e funzione. La base e la colonna sono in acciaio verniciato, mentre i ganci sono realizzati in polipropilene caricato fibra di vetro. Flag si adatta a molteplici contesti: dagli spazi pubblici, agli uffici, agli ambienti domestici.

Boxie
Storage in motion

DESIGN
Claudio Dondoli - Marco Pocci, 2018

EN — With its minimal, essential lines, Boxie is remarkable for its lightness, ensured by a steel structure containing drawers, alternated with tops, both made out of polypropylene. Designed to be configured differently according to the selected combination of its elements, the rounded corners and the visible frame are strong points that can be appreciated from any side of Boxie.

IT — Boxie è un sistema contenitore dai tratti essenziali e minimali che si contraddistingue per la sua leggerezza garantita da una struttura in acciaio all'interno della quale vengono collocati cassetti alternati a piani, entrambi realizzati in polipropilene. Pensata per assumere conformazioni diverse in base alla combinazione dei suoi elementi, la rotondità degli angoli e la struttura a vista sono punti di forza apprezzabili da ogni lato di Boxie.

Blume System
Flower silhouette

DESIGN
Sebastian Herkner, 2022

EN — The set of Blume System is a furnishings that echoes the sophisticated flower-shaped profile in extruded aluminium of the collection with the same name. Available in several sizes, the modules create a variety of configurations. The structure on which the shelves rest is made of steel and is fastened together by means of aluminium castings, with no visible screws.

IT — Blume System è un insieme di complementi d'arredo che riprende il sofisticato profilo in estruso di alluminio della collezione dalla caratteristica silhouette a forma di fiore. I moduli, disponibili in diverse dimensioni, possono dare vita ad una molteplicità di configurazioni. La struttura su cui appoggiano le mensole e realizzata in acciaio ed e fissata attraverso fusioni di alluminio senza viti a vista.

Wow
Compact versatility

DESIGN
Claudio Dondoli - Marco Pocci, 2007

EN — A sense of wonder springs to our mind on seeing the versatility of these poufs in plastic material and upholstered, which can be even converted in handy storage poufs.
IT — Un'esclamazione di meraviglia sorge spontanea di fronte alla versatilità di questi pouf-sgabelli in materiale plastico e imbottito, che possono anche trasformarsi in pratici contenitori.

Oblique
Convergent balance

DESIGN
Pedrali R&D, 2016

EN — A modular bar counter in polyethylene, with sharp and
converging lines, that features an oblique front side allowing
the user to approach. Consisting of linear and corner units
both available white or anthracite grey, the Oblique is supplied
with adjustable feet to ensure a perfect horizontal alignment.

IT — Un bancone modulare in polietilene dalle linee decise e
convergenti, che si presenta obliquo nella parte frontale per agevolare
l'avvicinamento dell'utente. Composto da moduli lineari e angolari di
colore bianco opalino o grigio antracite, Oblique è provvisto di piedini
regolabili per garantire un perfetto allineamento orizzontale.

Tetris
Glamorous cocktail

DESIGN
Marco Pocci - Claudio Dondoli, 2010

EN — A modular bar counter in white polyethylene. Designed to be used both indoors and outdoors, Tetris is a shock resistant, low-maintenance and weatherproof product. It can be equipped with a worktop in brushed stainless steel. Thanks to the translucent colour of the polyethylene, there is a luminous version of the counter that makes it a scenic element.

IT — Un banco bar modulare realizzato in polietilene bianco. Pensato per essere collocato sia in ambienti indoor sia outdoor, Tetris è resistente agli urti e agli agenti atmosferici ed è di facile manutenzione. Può essere fornito di un piano di lavoro e di un servizio in acciaio inox satinato. È disponibile anche una versione luminosa che, grazie al colore neutro del polietilene, rende questo bancone un elemento scenografico.
