TWIST&SIT Soft

Lounge furniture with its expressive design is an invitation to pause and take a break from the hectic pace of the day.

STRAND + HVASS

We are continuing our long-standing and fruitful collaboration with the Danish design duo Christina Strand and Niels Hvass.

Inspired by the TWIST&SIT collection

The TWIST&SIT collection which has won the prestigious Red Dot Award served as a source of inspiration for the new product line. It has retained the iconic design features and ensures a broader range of potential uses.

Exceptional design rhythms

Well-rounded shapes and a distinctive connection between the lower and upper parts of the backrest create an expressive and instantly recognisable look. The immaculate look is achieved thanks to the stitching details extending smoothly throughout the surface of the seater from top to bottom.

An ultimate sense of comfort

- The increased thickness of the polyurethane padding ensures a comfortable sitting experience.
- The recessed lower part of the backrest subtly conforms to the natural contours of the spine, making the user feel comfortable.
- The side openings facilitate movement of air.
- The high back helps to create a more private space isolating the user from the surrounding noise.
